## Details

### Description

No dust contact and full suction power within seconds - the WD 5.300 features the Kärcher filter cleaning system. Nano-coated cartridge filter for extended suction power and greater dust retention - even fine particles. Powerful 1600 W motor, 25 litre container and parking position, designed for excellent cleaning performance and convenience. Patented 3-in-1 carry handle for opening, closing and emptying the container. With variable on-board practical space-saving storage for hose, tubes accessories and cord. An additional practical accessory is the coarse dirt kit. Effortlessly picks up coarse dirt such as building rubble or debris

---

### Application

Satisfies sophisticated demands and is perfect for frequent use and for nearly any cleaning tasks concerning house and yard, outdoors, workshop and renovating activities. Very well suited for big amounts of finest dust and coarse dirt. Also the ideal help for effective vacuuming of water.

---

### Features & Benefits

Automatic Filter Cleaning Quick, simple and convenient: By touch of a button the cartridge filter can be cleaned within seconds and the full suction power is available again. Everything without work breaks and without contact to dust. Special cartridge filter with nano-coating - available exclusively at Kärcher Due to the nano-coating dust can't get into the deep fibers of the filter and high suction performance is guaranteed for a longer period of time. High wet vacuuming capacity because of extra flat cartridge filter. Special material enables wet and dry vacuuming without changing the filter. Blower Function Helps wherever vacuuming is not possible. In this way e.g. leaves can be blown out of a gravel pit. Parking position Ideal for breaks: the parking position for quick and convenient stowage of suction tube and floor nozzle directly on the machine. 25l container Enables vacuuming large amounts of water and dirt. Practical hose and accessory storage Space saving, handy and secure storage of suction hose, power cable and accessories included in scope of supply or bought later. Patented 3-in-1 handle To conveniently carry the machine as well as open, close and empty the container. Coarse dirt kit Ideal help for vacuuming big amounts of coarse dirt. Switchable floor nozzle Enables optimal suction of wet & dry dirt from hard floors and carpets. Stainless steel suction tubes Robust and corrosion free. 2,2m suction hose with ergonomic handle For maximal working convenience. Stainless steel container Robust and corrosion free.
